Languages

Romanian – native

English – B2

Summary

IT student in Iasi, passionate and eager to learn new things. Great problem solving skills, team work and very curious about technology, with a special interest in Software Development and Design.

Skill Highlights

- Programming
- Team Work
- Communication

Experience

Software Developer at Continental

July 2020 – September 2020

I worked at a project that involved building a neural network capable of recognizing different sounds from the car, and an android client app that displayed the info. Also building a REST API architecture that connected all components
